

selection_service.Selection
Service.select_all

selection_service.Selection
Service.update_selection

selection_service.Selection
Service.select_item

```
graph LR; A["selection_service.Selection  
Service.select_all"] --> C["selection_service.Selection  
Service.select_item"]; B["selection_service.Selection  
Service.update_selection"] --> C;
```

The diagram illustrates a mapping or transformation. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'selection_service.Selection' followed by 'Service.select_all' on a new line. The bottom box contains 'selection_service.Selection' followed by 'Service.update_selection' on a new line. Two blue arrows originate from the right side of these boxes. The arrow from the top box points to the top of a gray rectangular box on the right. The arrow from the bottom box points to the bottom of the same gray box. The gray box contains the text 'selection_service.Selection' followed by 'Service.select_item' on a new line.
